\* On Saturdays, the Board will partner with any interested groups to try out alternative play formats—such as King/Queen of the Court, Partner Play, Ladder Play, Mini League Play. Sign-ups will be available through Court Reserve. If enough members sign up, we'll run the new format. If not, we'll stick with regular Paddle Up play.

1. Courts 1,2,15 and 16 and are designated HOA courts unless otherwise specified on the schedule. Use of some HOA courts by the club during club play has been authorized by the HOA. Paddle up is the play format.
2. Any court that is not being used during the Club's scheduled organized play will become a Paddle Up court. Before using an open court, please check with the Court Monitors to verify availability. When playing on a Paddle Up court, new groups that arrive can join in the Paddle Up rotation, if no other courts are available. The Board encourages sportsmanship and would like for all players to "mix it up" and play with others for at least a game or two. This helps to foster community spirit, friendly competition and camaraderie on our courts.
3. All Rated or Mixed Rated games are round robin games within the specific rated group. However, when the number of players exceeds the available courts by more than 3 players GIZMO may be used in order to give all players an opportunity to participate in the scheduled event.
4. Players must be at the courts 10 minutes prior to the start time. Monitors have the discretion to add players after the time limit.
5. Bye Priority. The filling of byes during scheduled play will follow the hierarchy below:
  - A. Byes from other groups in the same rating group. Example – Two 3.0 Men will play with two 3.0 Women.
  - B. Byes from higher/lower scheduled rated play. Example – One 4.0 Women or Man will play with three 4.5 mix.
  - C. In situations where A and B do not exist, the bye may be filled by any club member.
6. Higher rated players can only play down when there are available slots to create a foursome, but they cannot play if it creates byes for the scheduled time slot. Players that wish to permanently or temporarily play down due to injury or not feeling competitive at your current level can contact the RRPC Treasurer to request a rating adjustment.
7. Members' overnight guests may play during scheduled times, in accordance with RRAZ-PC Bylaws; see the website.
8. Courts will be cleaned on a rotating basis on Monday through Thursday at a time to be determined by RR HOA. This will have an impact on scheduled events and the club working with the HOA will try to minimize that impact.
9. **Per Robson Ranch - CG HOMEOWNERS ASSOCIATION, INC. COMMUNITY RULES, Section 5.4 Courts General, Paragraph A, Court hours are from sunrise to 10:00 pm daily. The courts are lighted for night play and players are asked to turn off the lights when play is completed. Courts are under control of the Pickball Club only during times designated as other than Open Play on the published schedule.**
